Introducing Uboras's Monthly Giving Community!

Your monthly donation provides regular income allowing better long-term planning so that more money goes to the people we serve.

In a single week, the collective impact of our donors includes:

- 16,000 protein enriched breakfasts at six government schools are served
- 1500 hot lunches served at Siha Leadership School
- 40 shopkeepers and market sellers make a profit because they learned how to make change, record sales, and purchase inventory wisely
- 73 widows have access to need based assistance
- 35 widows are raising their children in safe, sturdy homes provided by Uboras's giving community
- 75 children from Siha Leadership have bus transportation instead of having to walk long, sometimes dangerous, roads to and from school
- 800 people can be treated at the Siha District Hospital instead of being turned away due to lack of medicine or equipment

All donation examples are for illustration purposes only. Donations will be used in the area of greatest need.
